Very nice paper binding!0 of 0 people found the following review helpful. Its like lord of the rings but Asian you should play ...By AndreIts like lord of the rings but Asian you should play dynasty warriors 8 and watch redcliff to get a feel for it or even read toilkens books to get you in the mood

Three Kingdoms tells the story of the fateful last reign of the Han dynasty (206 b.c.-a.d. 220), when the Chinese empire was divided into three warring kingdoms. This decisive period in Chinese history became a subject of intense and continuing interest to historians, poets, and dramatists. Writing some 1,200 years later, the Ming author Luo Guanzhong drew on this rich literary heritage to fashion a sophisticated, compelling narrative that has become the Chinese national epic. Luo's novel offers a startling and unsparing view of how power is wielded, how diplomacy is conducted, and how wars are planned and fought; it has influenced the ways the Chinese think about power, diplomacy, and war even to this day. As important for Chinese culture as the Homeric epics have been for the West, this Ming dynasty masterpiece continues to be widely influential in China, Japan, Korea, and Vietnam, and remains a great work of world literature. The University of California Press is pleased to make the complete and unabridged translation available again.

"By the measure of sheer density of history and drama, all other historical novels suffer by comparison to "Three Kingdoms, the great epic of the Chinese literary tradition. Roberts' rendition of the prose is lively and readable, but his translation of the poetry is a delight, capturing the flavour and pace, and sometimes even the rhyme, of the original."--
"National Post (Canadian daily)From the Inside Flap"The Three Kingdoms gives us The Iliad of China. First of the five great works of traditional prose fiction, this master narrative transforms history into epic and has thereby educated and entertained readers of five centuries with unforgettable exemplars of martial and civic virtue, of personal fidelity and political treachery. Moss Roberts's translation, the first complete rendering in English, is one of surpassing excellence and impeccable scholarship. It should delight and captivate Western readers for many more years to come."Anthony C. Yu, University of Chicago
