**From American Alliance Of Museums : To Give and To Receive: A Handbook on Gifts and Donations for Museums and Donors** before purchasing it in order to gauge whether or not it would be worth my time, and all praised To Give and To Receive: A Handbook on Gifts and Donations for Museums and Donors:

2 of 2 people found the following review helpful. Great Information for art collectors, donors and institutions! By Jean This is THE BOOK that all collectors, donors, institutions and appraisers should read. It should be a definite read

by any institution that receives donations of any kind and it should be close at hand and be reviewed on a regular basis. It details all the issues that should be taken into consideration before and after any donation is contemplated, gifted or has been accepted. I highly recommend it to everyone.0 of 1 people found the following review helpful. Five StarsBy Vintagefan3very great and fast shipping A+++++ Thank you so much!!

Museums in the United States, and the public they serve, benefit immensely from the generosity of donors. The tax incentives available to those who give art, historic objects, and many other types of collectible material to qualified not-for-profit institutions encourage this philanthropy. The synergetic relationship between donor and museum has built many invaluable museum collections over the decades, from Paul Mellon's famous "gift to the nation" that established the National Gallery of Art in the 1930s to George Gustave Heye's collection of Native American material, Dominique and John de Menil's Modernist art, the Walt Disney-Tishman Collection of African art, and countless others. It is not an exaggeration to state that without the vital partnership between donors and museums, many museums in this country could not sustain their operations. Here is a new guide, intended for museums and donors alike, on the donation process, current standards and best practices, ethical and legal issues, and IRS updates and valuation considerations, including "The Charitable Giving Changes" under The Pension Protection Act of 2006.
