Hisham Mortada : Traditional Islamic Principles of Built Environment before purchasing it in order to gage whether or not it would be worth my time, and all praised Traditional Islamic Principles of Built Environment:

Written with the non-Muslim reader in mind, this book analyzes the principles and values established by the tradition of Islam to govern the social and physical environments of Muslims.

[T]he book is a valuable resource for those interested in Islamic Urbanism of the past and its future potential for

achieving sustainable cities in the Islamic world and beyond..Book s, Guangjin TianThe book is clearly organized in four main chapters, which deal with very different aspects of the relationship between city and Islam..Urban MorphologyAbout the AuthorHisham Mortada is an educator and a critic in the field of urban planning and architecture, with interest in traditional Muslim cities, socio-cultural changes and currently sustainable living. He received a Masters degree in Architecture from Pennsylvania State University, USA in 1988 and a Ph.D. in Architecture from Edinburgh University, UK in 1992. He currently teaches architecture and urban planning at King Abdul Asiz University, Saudi Arabia.
