**Willa K. Baum : Transcribing and Editing Oral History (American Association for State and Local History)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Transcribing and Editing Oral History (American Association for State and Local History):

Willa Baum once again shares her enormous knowledge of oral history in her second AASLH book, focusing this time on what to do when ending interviews, how to decide whether or not to transcribe, how to process data, and how to transcribe. Also provided are detailed instructions on auditing tapes, editing, working with legal agreements, indexing, and more.
