I liked how experts in their area wrote sections in the book0 of 0 people found the following review helpful. product received as advertisedBy Leslie J. HollandThe book is pretty small, but was in good condition as advertised. I used it for a course I am finishing now. It came quickly and was packaged well.

Ten chapters offer a person-centered approach to planning and assessment. The book provides guidance on selecting and implementing assessment procedures and offers suggestions for creating action plans to help young adults with significant disabilities pursue their goals after high school. The role
