A classic developmental skills text for intermediate to advanced students of English, Understanding and Using English Grammar is a comprehensive reference grammar as well as a stimulating and teachable classroom text. While keeping

the same basic approach and material as in earlier editions, the Third Edition more fully develops communicative and interactive language-learning activities. Some of the new features are: Numerous "real communication" opportunities  
More options for interactive work in pairs and groups  
Additional open-ended communicative tasks for both speaking and writing  
Expanded error analysis exercises  
Interesting and lively new exercise material  
Shorter units for easy class use  
The program components include the Student Book, Workbook, Chartbook, Teacher's Guide, and Companion Website. Also available: Understanding and Using English Grammar Interactive (a multimedia CD-ROM).
