discovered a whole new life and self. He now speaks to people with the faith and hope of a man who has been given gifts of the spirit that surpass any physical limitations. God bless, Mark, his message and his wisdom. 0 of 0 people found the following review helpful. Great Book By LalipennyVC Amazing Author. Too bad that he had to live the experiences to write about it! Hallucinations, dreams, angels, and a miraculous recovery are all humorously but soberly woven into this heart-gripping autobiography. Sixteen years later, through a powerful encounter, the real truth of the crash was revealed.
