**Jo Robinson : Unplug the Christmas machine: How to have the Christmas you've always wanted** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Unplug the Christmas machine: How to have the Christmas you've always wanted:

0 of 0 people found the following review helpful. Even more relevant that it was 20 years agoBy JmSI've been using this book for 20 years and it is still (perhaps even more) relevant than it was 20 years ago.0 of 0 people found the following review helpful. Five StarsBy James P. HoulihanWe all need to read this.5 of 6 people found the following review helpful. Don't Let Christmas Overwhelm YouBy Virginia AllainAt Christmas time, the busy wife, mother and career woman kicks into overdrive. She feels the need to maintain her usual roles while bringing the magic of a perfect Christmas to her family, work place, and church.If your Christmas cards routinely include an apology for being late and half of your holiday decorations are still in the attic, you are not alone. Let's admit it, the perfect holiday season should include a week off from work in early December.This book can be a life saver, as it helps you focus on what parts of the holiday season are really important to you. I find the layout of the book easy to use and the structure it provides is priceless.

A complete guide to putting love joy back into the season!
