Vicki Leon : Uppity Women of the Renaissance before purchasing it in order to gage whether or not it would be worth my time, and all praised Uppity Women of the Renaissance:

0 of 0 people found the following review helpful. HerstoryBy Toni K. KiefI love every book in this series. I want to be Vicki Leon's friend. They are smart, funny and expand much of the hidden history of a patriarchal society.0 of 0 people found the following review helpful. Great Light ReadBy Jill JoinerThe Uppity women books are a light look at women's lost history. Reality versus what was expected of a woman.0 of 0 people found the following review helpful. delightfulBy Teresa A. CasagrandeThis book is a delight. Funny and gives you a new respect for women of that era.

Introducing some of history's most dangerous, outrageous, and flamboyant women, Uppity Women of the Renaissance introduces readers to ex-nun Catalina de Erauso, who dueled, drank, and cross-dressed her way through Spain and North America; Chiyome, who started a profitable business renting out female ninjas, called "deadly flowers," in 16-century Japan; and Zubayda, an Arab engineer who, when she wasn't busy building aqueducts, roads, or entire cities, found time to throw lavish, Martha Stewart-style parties. Covering wide geographical ground and combining meticulous historical research, period artwork, and a rollicking sense of humor, this latest volume in the Uppity Women series profiles more than 200 heroines, hussies, and harpies of the fourteenth through the 17th centuries.
