Great to give to a pastor or church leader - and to develop guidelines within the church for helping

abused women and their children to recover and find safety. 1 of 1 people found the following review helpful. Very helpful
By Jon Barron As I find more and more men around me who are abusive, This gives me good direction in how to begin ministering. 1 of 1 people found the following review helpful. Important and accurate. Everyone should read it and we ...
By annette oltmans Important and accurate. Everyone should read it and we would have healthier church communities.

This book offers practical help in identifying abusive situations. It has strategic counseling tips, case studies and models of effective ministry to both the victim and the perpetrator. There are resource lists which include domestic violence hotlines and shelters, faith-based organizations, abuser treatment programs, and information on legal and safety issues.

"Reading this book is like taking an intensive course on addressing domestic violence; a great deal of substance is compacted into a relatively small volume. The authors do an outstanding job of taking a reader without firsthand experience of abuse into the mind, body, and spirit of the abused, as well as that of the abuser. The feature that makes this book a stand-out is the comprehensive ready-to-use resource section. This book qualifies as a must-read for every pastoral, counseling, social work, or education student." --The Christian Librarian, 2008
About the Author In 1995, Brenda Branson and Paula J. Silva founded FOCUS Ministries, Inc., a not-for-profit organization that offers help and hope to women who are struggling in dysfunctional relationships, especially those involving domestic violence.
