From Brand: SAGE Publications, Inc : Violence in America: Protest, Rebellion, Reform (Violence, Cooperation, Peace) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Violence in America: Protest, Rebellion, Reform (Violence, Cooperation, Peace):

This third edition is a completely new book with the 12 chapters of this volume written specifically for it. The volume

focuses on the issues that generate group violence. The contributors, four of whom contributed to the first edition, assess their views about the historical precedents and international parallels of American violence. There is a wealth of new evidence and theories that deepen our understanding about the sources of recurring conflict and the tenuous nature of consensus in American society.
